34 - In your opinion, what are the three best features of this course?

Response Rate	3/11 (27.27%)

• 1. I loved the subject matter / topics Dr. Calado choose throughout the course, it really sparked my interest in DH and helped me understand theoretical approaches to DH 2. I think the assignments she chose also helped me understand approaching and thinking about DH projects. If I were taking the advanced DH course, I would feel very prepared for it with what I had learned from this class. 3. I'm really happy she brough in guest-speakers from the field, doing this also helped me understand how I could possibly incorporate DH into my career path and gave me more options to exlpore.

• I loved how the course was separated by theory, tools, and tool practice

• Professor Calado's welcoming approach to our discussions helped to foster a mutually supportive classroom environment in which we were all genuinely interested in each other's work, and cheering each other on. I thought the guest speakers were excellent. I loved the range of readings and the chance to get introduced to so many DH tools.

35 - In your opinion, what three changes would most improve this course?

Response Rate	3/11 (27.27%)

• To be honest I really do not have any major changes. I liked how we explored DH projects that complimented each week's readings. Maybe one improvement is to explore some DH tools a little more with each week.

• I think more in class exploration of digital tools would have been nice

• I don't think any changes are necessary.

36 - If you would like to add anything else about the course or the instructor(s), please do so here.

Filipa Calado

Response Rate	3/11 (27.27%)

• I always enjoy Dr. Calado's classes! This is the 3rd class I have taken with her, and I feel like she always meets students where they're at and is flexible with the course to make sure it is meeting our needs and interests within the topic. She also always provides very fair and helpful feedback to help me improve for the next assignment.

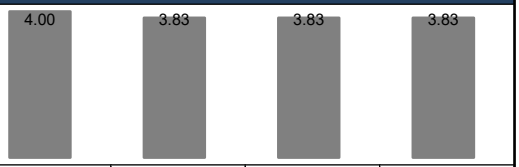

• I think Prof. Calado is a brilliant teacher, any student at Pratt would be lucky to be under her tutelage.

• I am so happy to have taken this class with Professor Calado; she helped demystify some tech tools that I had been intimidated by and over all created both a relaxed and rigours classroom environment, which I think is a significant achievement.

37 - This course supports diversity, equity and inclusion.
